

§ 200.37

27 CFR Ch. I (4–1–00 Edition)

§ 200.37 Notice of contemplated action.

Where the director of industry operations believes that the matter may be settled informally, i.e., without formal administrative proceedings, he shall, in accordance with section 5 (b) of the Administrative Procedure Act, prior to the issuance of a citation, inform the permittee of the contemplated issuance of an order to show cause why his permit should not be suspended, revoked or annulled, and that he is being given an opportunity for the submission and consideration of facts, arguments, offers of settlement, or proposals of adjustment. The notice should inform the permittee of the charges on which the citation would be based, if issued, and afford him a period of 10 days from the date of the notice, or such longer period as the director of industry operations deems necessary, in which to submit proposals of settlement to the director of industry operations. Where informal settlement is not reached promptly because of inaction of the permittee or proposals are made for the purpose of delay, a citation shall be issued in accordance with §§ 200.55 and 200.56.

§ 200.38 Limitation on informal settlement.

Where the evidence is conclusive and the nature of the violation is such as to preclude any settlement short of suspension, revocation or annulment, or the violation is of a continuing character that necessitates immediate action to protect the public interest, or where the director of industry operations believes that any informal settlement of the alleged violation will not insure future compliance with the laws and regulations, or in any similar case where the circumstances are such as to clearly preclude informal settlement, and the director of industry operations so finds and states his reasons therefor as provided in § 200.35, he may

restrict settlement to that provided in § 200.71.
